

**KEY TO WATER MANAGEMENT STRATEGIES
LISTED IN TWDB TABLES 11-13
LOWER COLORADO REGIONAL WATER PLANNING AREA (REGION K)**

Type of Water Supply Designator	Regional Plan Alternative Designation	Description
4a1	A1	Advanced water conservation for the City of Austin
4a2	A2	Development of reuse system in Austin
4a3	R2A	Rice irrigation on-farm water conservation
4a4	R2B	Rice irrigation delivery system water conservation
4c1	BL7	Develop the Hensel Cow aquifer for Blanco
4c2	BL8	Develop the Ellenburger aquifer for Blanco
4c3	GL2	Develop the Hickory aquifer for Gillespie County-Other
4c4	L4	Develop the Ellenburger aquifer for Llano
4c5	G6	Develop the Trinity aquifer for Goldthwaite
4c6	R6	Develop the Gulf Coast aquifer for rice irrigation
4c7	PF3	Develop the Carrizo-Wilcox aquifer for Pflugerville
4d1	R1	Continuation of LCRA Water Management Plan for interruptible water
4e1		Purchase long-term water from Austin for Garfield
4e2	BL4	Purchase water from GBRA West Comal system for Blanco area
4e3	BL5	Purchase water from Canyon Lake WSC for Blanco area
4e4	H1	Purchase water from LCRA for Dripping Springs area
4e5	H2	Purchase water from COA for Hays County
4e6	PF2	Purchase water from LCRA for Pflugerville
4g1	BL1	Dredge Blanco reservoir
4g2	BL2	Construct additional Blanco channel dam
4g3	BL3	Construct Blanco off-channel reservoir
4g4	H5	Recharge Edwards BFZ with Driftwood Reservoir
4g5	H6	Recharge Edwards BFZ with Onion Creek recharge structure
4g6	L1	Dredge Llano reservoir
4g7	L2	Construct additional Llano channel dam
4g8	L3	Construct Llano off-channel reservoir
4g9	G1	Dredge Goldthwaite reservoir
4g10	G2	Construct Goldthwaite channel dam
4g11	G3	Construct additional Goldthwaite off-channel reservoir
4g12	R3	Construct four off-channel reservoirs for rice irrigation
4g13	R7	Construct Altair channel dam
4i1	BL6	Transfer Pedernales River water to Blanco
4i2	H3	Construct GBRA Hays County pipeline
4j1	H4	Construct Dripping Springs reservoir
4j2	G4	Construct Mills County reservoir
4j3	R5	Construct Fox Crossing Reservoir
4j4	R4	Construct Shaws Bend Reservoir
4l1		Region-wide brush control
4l2		Region-wide weather modification
4n1	G1	Develop Fredericksburg ASR
4n2	PF1	Develop Pflugerville ASR
4o1	R1A	Continued use of Austin return flows
4o2	R8	Develop market-based rice irrigation demand management system
4o3	R9	Develop water saving rice varieties
4p		Contract renewals
